NAVIGATION SCHOOL FOR HONDO

**Announcement Telegraphed to Hondo
Received by President-Manager
Robert L. Kollman of Hondo
Chamber of Commerce From
Senator W. Lee O'Daniel.**

CONFIRMED BY MESSAGE FROM SENATOR CONNALLY

SA BB37 GOVT.

S. N. WASHINGTON, D. C.
5:37 P. M., MARCH 31, 1942.

HONDO, TEXAS.

WAR DEPARTMENT ANNOUNCES TODAY AUTHORIZATION FOR CONSTRUCTION OF AIR FORCE TRAINING SCHOOL AT HONDO TO COST IN EXCESS OF FIVE MILLION DOLLARS. CONSTRUCTION WILL BE SUPERVISED BY THE SAN ANTONIO, TEXAS, DISTRICT OFFICE OF THE CORPS OF ENGINEERS.

SENATOR W. LEE O'DANIEL.
5 P. M.

Location of a huge army air force school at Hondo was approved Tuesday, March 31, by the War Department in Washington, D. C. The same day the above telegram from Senator W. Lee O'Daniel notified Robert L. Kollman, President-Manager of the Hondo Chamber of Commerce, of the War Department's authorization for construction of the training school here. A second telegram, from Senator Tom Connally and received a short time after the first message, also confirmed the announcement.

Approximately 6,000 student flyers will be trained at the school, it was reported. Specialized training in navigation will be given.

Construction of the school will cost in excess of \$5,000,000 and will be in charge of the army engineers in San Antonio.

Key men for H. B. Zachry, who is to do the construction work, arrived the first of the week and are supervising the movement of machinery coming in by rail, contracting for strategic supplies, and familiarizing themselves with the layout in preparation for actual operations to get under way. Their headquarters for the present are located in the Hondo Bonded Warehouse building. They are also trying to locate housing facilities for the company's employees who are already arriving in large numbers.

Approximately 4,068 acres of land, lying northwest of the town, have been surveyed and are included in the plat of the school drawn up by the engineers. Property owners are being contacted this week and are signing up to turn over their property to the government to be incorporated into the site for the school. We hope to be able to give

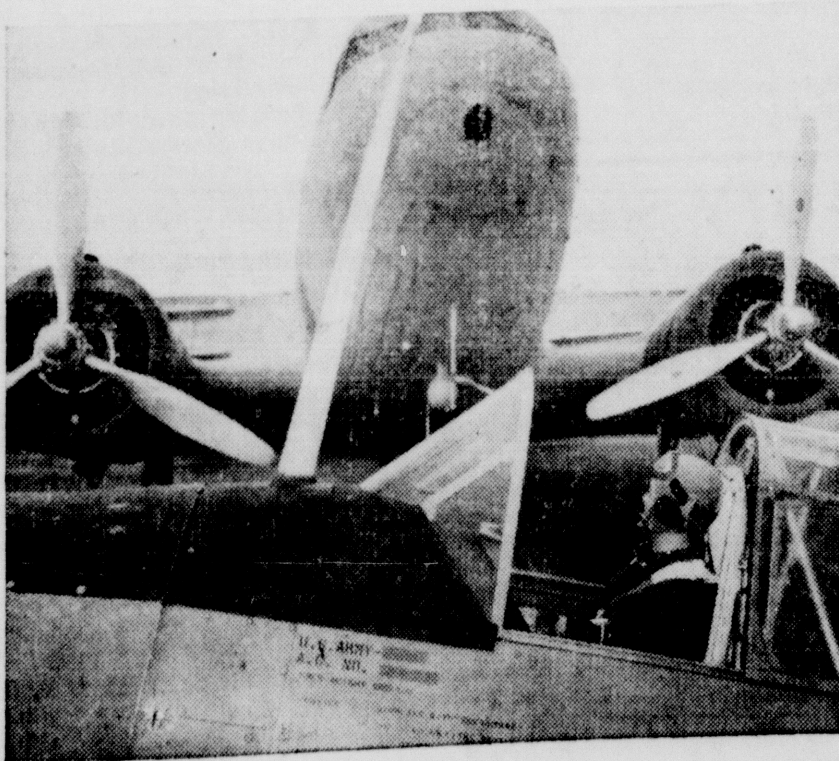

definite boundary lines and names of owners affected by this transfer of property to the government at an early date.

Construction work is expected to last for three months, we were informed, although the report has not been officially verified at this time. In the meantime, there is an influx of newcomers to the town and it is vital for the rapid completion of the project that they be housed adequately and within easy access of their work.

For the past several weeks the Chamber of Commerce has contacted citizens of Hondo to pledge housing facilities for the army air corps personnel only. However, as there is a pressing need to house Zachry's employees—and as it will probably be some time before the school's personnel is sent here—an agreement has been made between the Chamber of Commerce, Zachry Co., and the Navigation School's Housing Board of San Antonio, that the files of residences, apartments, rooms, etc., pledged through the local Chamber be opened to the company's employees with the understanding that the housing facilities be relinquished to the air corps personnel when required. This will mean from 90 to 120 days rent secured for Hondo property owners in advance of fulfilling their pledges, as well as cooperation with the construction company to expedite work on the school.

Until Hondo is declared a Defense area there is no announcement to make regarding the new housing projects. However, it is important that every citizen of Hondo attend the mass meeting called by the Chamber of Commerce for 8:30 Monday night, April 6, in the Hondo High School gym, at which time the matter of construction of new houses and store buildings as well as other important business will be taken up. This is a matter that concerns every citizen of Hondo and that cannot be passed on to a few capable, but already overburdened individuals. Be there—and ready to continue the splendid cooperation you are already giving.

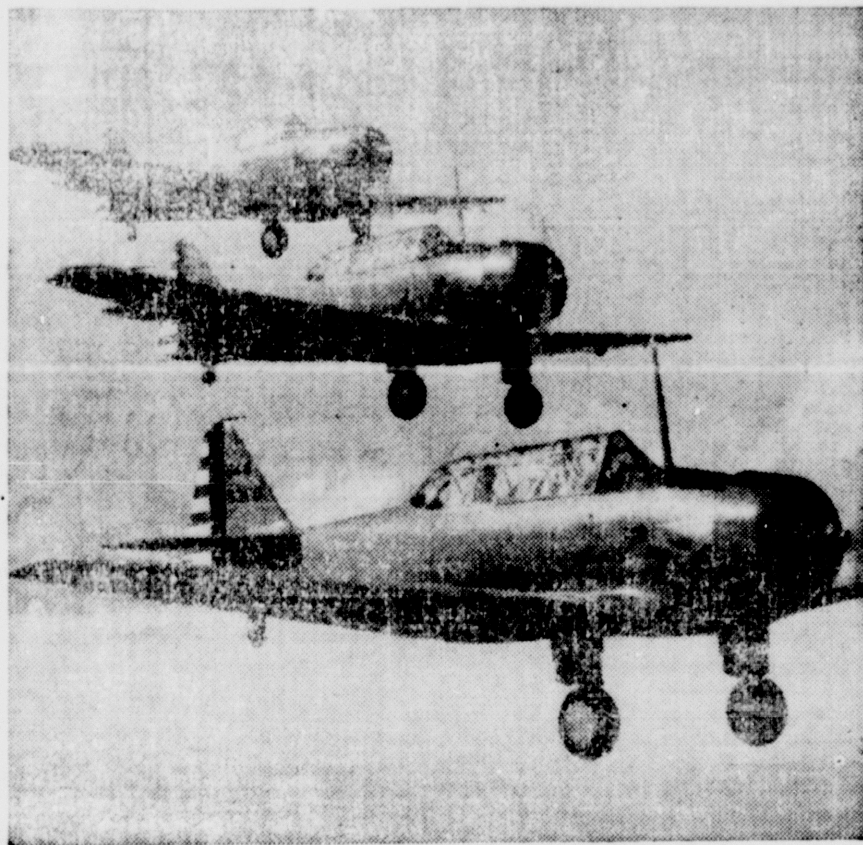

SOON HE'LL BE DOING IT IN HONDO

A GLANCE AT HIS FUTURE

Taking a quick glance at one of the huge twin-engined planes he soon may be flying is this Aviation Cadet, a member of Class 42-F. Hundreds of these cadets, near completion of their basic training at Randolph Field, Texas, soon will be graduated to more powerful single-engine planes or multi-motored ships which will constitute the last leg in their training. After ten weeks of this advanced flying, they will receive their "wings" and be commissioned second lieutenants.

HONDO WILL SOON BE SENDING THEM OUT

ON THE HIGHWAYS OF THE SKY

At the peak of basic training at Randolph Field, Texas, with a three-plane echelon formation, Aviator Cadets soar over the "West Point of the Air" on the road to becoming flying officers in the Air Force Combat Command. After completion of their training here, the Cadets will spend ten weeks at an advanced flying school before receiving commissions as second lieutenants in the Air Corps.

ASKS VOTERS TO RENOMINATE HIM

Hon. C. P. Spangler, our representative in the State Legislature, was here Wednesday from his home in Uvalde looking after his political fences. Mr. Spangler leads off with the first political announcement for the year in our paper, and elsewhere in these columns you will find his solicitation of your vote and support.

Mr. Spangler is appreciative of the support heretofore given him by the voters of Medina County and as proof of that appreciation will, if again entrusted with the office, continue in the same efforts to satisfactorily serve your best interests and the interests of the whole people of our District and State. He thinks that in view of present conditions a policy of strict economy with a view to especially avoid the levying of any new taxes is to the best interest of all.

Mr. Spangler is an ex-Service man from World War No. I; offered his services again at the outbreak of War No. II; and is a registrant under the draft call of February 16th.

COMPLETES COURSE IN METAL WORK

With tonight's three hour session the first course in metal work, known as "A-2 Metal Work," sponsored by the Federal government and conducted by Milton Mechler at the Mechler blacksmith shop, comes to a close.

A second course is to follow beginning next Monday night, April 6th, under the same auspices. The course runs over a 10-weeks period of five weekly night sessions of 3 hours each, or a total of 150 hours. Those taking the course receive a certificate showing the number of hours attended, and are given instruction in the elementary principles of acetylene and electric welding and other ways of working with iron.

Here is a chance to acquire, tuition free, a practical knowledge that may prove of great value in this mechanized age.

MORE DONATIONS TO THE FIRE DEPARTMENT

MUMME'S HATCHERY GETS EGGS FROM WORLD RECORD LEGHORNS

On Tuesday of this week the Mumme's Hatchery of Hondo received a precious shipment, consisting of five hatching eggs from Corvallis, Oregon. The shipment was important because the five large, white eggs were valued at \$10 each or \$50.00 for the order, and because the hatching eggs are from outstanding breeders of Hanson's World Record Leghorns of Corvallis. The eggs are from valuable blood lines, from breeders with records as high as 354 eggs a year.

When Mr. and Mrs. Clarence Mumme started in business in 1926 they felt that life was too short to waste on the production of average layers. They made up their minds that they wanted to be right up with the master-breeders of the world. They, therefore, started with the very best foundation stock they could buy. Since that time the Mummes have continued importing high priced stock from the best breeders in the country. They felt and still feel that this is the right way, and the Outstanding Breeder eggs which they purchased is just another step in the right direction. They are continuing to lay the foundation for future breeding and continuation of their valuable Leghorn types. It is the nucleus for a flock that will be nearest their ideal.

In addition to the hatchery located in a modern new building in Hondo, Mr. and Mrs. Mumme have a modern 100-acre White Leghorn breeding farm located just outside of Hondo, where they maintain a 3,000 to 4,000 flock of carefully selected White Leghorns. Many of the male birds are also purchased direct from Hanson's best 300-egg matings.

Mr. Mumme says good breeding is essential to success in the poultry business... he urges his patrons to secure good foundation stock... he "preaches what he practices".

NOTICE TO RED CROSS MEMBERS

There will be a call meeting of the members of the Medina County Chapter of the American Red Cross at 2 o'clock, Wednesday, April 8, in the Hondo High School auditorium. The purpose of the meeting is to elect an executive committee. All members are urged to attend.

MRS. ELMER J. LEINWEBER,
County Chairman.

A VERY IMPORTANT MEETING OF THE PEOPLE OF HONDO WILL BE HELD IN THE HONDO HIGH SCHOOL GYM AT 8:30 SHARP MONDAY NIGHT, APRIL 6.

THIS MEETING IS IMPORTANT TO EVERY MAN AND WOMAN OF THIS COMMUNITY—YOUR PRESENCE IS NEEDED.

THE LOW DOWN FROM HICKORY GROVE

From the way she looks from out here at old Hickory Grove, the spring of 1942 is gonna go down in history as the turning point. You fumble around in an innocent bystander's pocket-book and he is gonna snap out of his unconcern—and quick. I am working up to what happened on Monday, March 16th. But that was just the beginning—and what is to follow, is gonna be even more painful.

But there is a good part too. It has de-bunked us of this idea we been carrying around that somebody else is paying the fiddler. Paying for the war comes next, but nobody is gonna crab about that, it is the dead horses that is cramping our style—and riling us.

Congress is starting to hear about it. We got some good men down there—you could write down a whole page of names. But you could also write down a half a page of other kinds. The thing this country wants now, and is gonna have, is millions for shooting irons and powder—and not a thin dime for sociologists, poets, and playground co-ordinators. Either that, or some different congressmen.

Yours with the low down,

JOE SERRA.

A WEEK of the WAR

President Roosevelt announced creation of a Pacific War Council which will sit in Washington, representing Australia, New Zealand, the Netherlands, Canada, China, Britain and the United States. The first meeting is scheduled for April 1 at the White House. Mr. Roosevelt said "It is imperative that all of the United Nations now actively engaged in the Pacific conflict consider together matters of policy relating to our joint war effort." He said the Council "will be in intimate contact with a similar body in London."

Production And Conversion
The President authorized the War and Navy Departments and the Maritime Commission to guarantee or make direct loans to small businesses seeking to engage in war production. Any Federal Reserve Bank may serve as agent for the departments concerned. Loans, discounts, advances and commitments may be arranged with private banks. The War Production Board reported organization of a Bureau of Finance with 35 representatives located in WPB Field Offices to help contractors and sub-contractors in solving financial problems arising in connection with war orders.

The Federal Reserve Board said steel production was at 98 percent of capacity in the third week of March. War Production Chairman Nelson said more than 100 war plants have already organized Management-Labor production drives. The President approved a plan by Attorney General Biddle to defer Federal anti-trust action which would "interfere" with the output of guns, tanks, planes and ships.

Rationing
The OPA said County Clerks throughout the country now have 180 million sugar rationing books which will be transferred to schools for registration of commercial sugar users April 28 and 29, and of individual consumers May 4 through May 7. The Office released for rationing beginning April 13 more than 100,000 new typewriters now in the hands of distributors, wholesalers and dealers.

April quotas for tires provide 102,000 new tires and 470,000 recapped tires for essential cars and motorcycles, 275,000 new tires and 250,000 recapped tires for trucks, and a limited number of recapped tires for war workers, taxicabs, farmers, salesmen and Government agencies. The OPA released for rationing sev-

BILL DUBOSE TO BE CORPUS HEAD COACH

CORPUS CHRISTI, March 28.—Bill DuBose, former assistant football coach and head cage mentor of the Corpus Christi High Buccaneers, was elevated to the head coaching position of the local school Friday night by the school board athletic committee, Leslie Wasserman, chairman, announced today.

DuBose succeeds Harry Stiteler, who resigned last week to take over coaching of the Waco High Tigers.

Selection of DuBose was unanimous, Wasserman said. After a strong civic organization, students and players petitioned board for his appointment. A single ballot was required to choose Stiteler's successor, and Wasserman said not another application was seriously considered during the board's deliberation.

No salary figure was disclosed. Stiteler received \$4000 a year.

DuBose said Friday, before going to Austin with the Buck track team, he would accept the position if it were tendered him. DuBose came to Corpus Christi with Stiteler in 1938. As line coach, he was at Nacogdoches and Hondo High previously.

A graduate of Texas university, DuBose was freshman coach in 1934-35.

An assistant to DuBose will be selected next, Wasserman said.

Rev. W. L. Hornung and daughter, Miss Viola, were up from Yancey Wednesday and paid this office an appreciated call. Rev. Hornung is Pastor of the Yancey Methodist Church, having succeeded Rev. E. W. Dechert transferred last fall by the Conference to Dilley. Rev. Hornung will be a reader of our two publications for the ensuing year.

The office of County Agent and of the County Rationing Board has been moved from the third floor of the county courthouse to the second floor in the west wing. Please take notice. The County Superintendent's office is also located in the west wing, second floor. The Welfare office now occupies the third floor room vacated by the Rationing Board.

MINNEAPOLIS SIGNS HONDO'S CLINTON HARTUNG

With the comment that "here is another Bob Feller," President Mike Kelley of the Minneapolis Millers, American association baseball club, announced that he had signed Pitcher Clinton Hartung, giant 18-year-old sensation of the Hondo High School Owls. The announcement was made Tuesday night at New Braunfels, where the Millers are training, during a dinner Kelley gave for some 50 New Braunfels friends and a small San Antonio group including Fred Mosbach, dean of local sports writers, and George H. Tucker, executive secretary of the San Antonio Junior chamber of commerce.

Virtually every Texas league club and at least four major league teams had shown keen interest in Hartung, husky star of the flashy Hondo team developed by J. G. "Red" Barry, superintendent of Hondo's schools and veteran coach of the baseball team.

Kelley and Bob Linton, one of his catchers, who last year managed the Fort Worth club, went to Hondo yesterday to look Hartung over. Linton caught the 190-pounder's fast ball for less than five minutes, he and Mike got their heads together, and Hartung was made an offer he couldn't refuse. The right-hander will be allowed to finish his high school year, reporting to Minneapolis May 29. Kelley said he would not be farmed out but would stay with the Millers.

"And he'll be a sensation before the summer's over," Kelley predicted.

Kelley was deeply impressed with Coach Barry's Hondo baseball setup, already famous in the Southwest. "Never saw a high school team that knew so much baseball and looked so snappy," said Kelley. "Coach Barry certainly is doing a job down there."—Thursday's San Antonio Light.

Clinton is the son of Mr. and Mrs. Robert Hartung of Hondo.

O. M. K. & T. CLUB MEETS

Eight members of the O. M. K. & T. Home Demonstration Club met March 18th at the home of Mrs. Forest Rotramel with Mrs. Frank Jones hostess. The house was called to order by the president, Mrs. Schlegle. The pledge to the flag was given and the club collect was repeated. The meeting was turned over to Miss Velma Hambleton, County Home Demonstration Agent, who introduced a guest, Miss Dosca Hale, specialist in Parent Education and Child Development from College Station, Texas. Miss Hale told us about the children in Texas and stressed the importance of seeing that our children learn to eat the right food with the right vitamins. She also stressed the importance of entertainment in the home for the whole family. The O. M. K. & T. Home Demonstration Club enjoyed the visit with Miss Hale and hope to have her visit us again.

Eight members of the O. M. K. & T. Home Demonstration Club met March 27th with Mrs. Matney. The vice-president, Mrs. Forest Rotramel, called the house to order in the absence of the president, Mrs. Schlegle. Plans for an all-day meeting at Mrs. W. H. Noel's April 10, beginning at 10 A. M., were made. Miss Velma Hambleton, County Home Demonstration Agent, will give a demonstration on whole grain bread. Each lady will bring a covered dish. Plans were also made for a Bingo Party to be given at the Medina Valley Club House at Natalia in April. Watch the paper for further notices of the Bingo Party.

Mrs. Edgar Stiegler was hostess of the Lutheran Ladies' Aid Society Wednesday afternoon. The meeting was opened by a prayer and a song and the leader, Mrs. Robert Schulte, read the Scripture, I Cor. 11, 23-22. The topic was the Lord's Supper, in keeping with Easter observances.

Mrs. Schulte and Mrs. Andrew Schuehle were appointed to decorate the church for Easter.

The hostess served refreshments of sandwiches, cake and coffee to the following: Mrs. Fred Grube, Mrs. C. F. Haass, Mrs. Andrew Schuehle, Mrs. Annie Stiegler, Mrs. Felix Batot, Mrs. Ben Graff, Mrs. H. E. Haass, Mrs. L. A. Mechler, Mrs. Robert Graff, Mrs. Milton Heyen, Mrs. Robert Schulte, Mrs. Amanda Muennink, Mrs. Ben Oeffinger, and Mrs. Edgar Stiegler.

HONDO, TEXAS, APRIL 2, 1942

Washington Snapshots

by JAMES PRESTON

A couple of the Washington newspaper correspondents were talking about the war the other day . . . something specific . . . just "the mess we're in," as one of them put it.

After some lamenting, some dragging over the coals, and lots of theories about what's wrong, one of the boys with his ear to the ground picked up a well-known Washington daily.

News was depressing . . . hard to be a Pollyanna about, everyone had to admit. But there were bright spots . . . "straws in the wind," our friend called them. Here are a few he found in that one paper.

An expanded program of aluminum production was announced by William L. Batt, head of the materials division of the War Production Board. The program is scheduled to reach an annual production of more than 2,500,000,000 pounds—enough aluminum to build 60,000 airplanes this year and 125,000 planes next year.

Within a single year one of the nation's small-arms manufacturers is scheduling production so that it can turn out more small-arms ammunition than was produced by all manufacturers in the United States throughout the four years of the World War . . .

A large automobile company, converted to the production of war materials, built three new plants to make aircraft engines. The number of workers in these new plants will exceed the total employment of the company's entire peacetime staff . . .

Another well-known manufacturer announced a plan for giving employees defense bonds and stamps for workable suggestions. Any suggestions dealing with increasing production on the employee's own job, for improving quality, having material, reducing waste, or improving working conditions generally are welcome.

—WSS—

Another happy side to the news—Congressmen report that the home folks are coming through in the present crisis.

For example, one representative reported that a whole city was rearranging its life to cut down transportation waste. In order to conserve tires and to ease bus transportation, which is absolutely essential for war workers, schools and stores will vary opening and closing hours, factories will stagger their shifts, and pay days will be spread throughout the week.

Another member of Congress lauds the resourcefulness of management as evidenced by the tough problems they tackled and solved in changing over from peacetime to war production. He comes from an industrial region which until recently housed an essentially light metal working industry, and is now working on the production of heavy goods.

—WSS—

Odds and Ends: An unpublished ruling of the Treasury Department unobtrusively upset 150 years of international law. Diplomats must now pay U. S. taxes, like the excises on liquor, jewelry, etc., and the income tax on income derived within this country. Salaries from home are not touched.

—WSS—

Public interest in the men who make up our laws led to an unofficial survey of who did what for a living before coming to the Capitol.

Results show that among the members of Congress, 310 are attorneys, 50 are businessmen, 34 are farmers, 34 are editors, 27 are real estate and insurance men, 17 are professors and teachers, 14 are doctors and dentists, 10 are investment and banking men, 5 are engineers and 14 have devoted their careers to public service.

—WSS—

The Department of Agriculture reports that farmers are using their current larger incomes to reduce their farm mortgage debts. The statement is based on payments on principal to Federal land banks.

—WSS—

Industry is working hand-in-hand with Secretary of the Treasury Morgenthau on the voluntary payroll allotment plan for selling war savings bonds. Of the employers who have more than 500 workers, approximately 70% have already signed up. The plan provides for purchase by employees of savings bonds on a weekly basis.

Congress is waiting to see how this plan works out before making up its mind about compulsory savings for all wage earners.

TO COTTON GROWERS

Farmers of Medina County should plant their full cotton acreage allotments if they are equipped to do so and if such plantings will not interfere with the production of food for home use or other war crops.

In urging farmers to plant their cotton allotments, V. P. King, chairman of the county USDA War Board pointed out that the nation needs more longer staple cotton and that the Commodity Credit Corporation this year is offering greater premiums on longer staple length.

Shifting part or all the acreage from short to long staple cotton in areas where soils are suited to long staple production is not only good business but a patriotic contribution to total war, the chairman declared.

"We need medium and long staple cotton for use in manufacture of balloon and parachute cloth, pontoons for scaplanes, and other military needs. We need more fats and oils and it's up to us to produce them," the chairman said.

The percentage of cotton planted in Medina County has declined during the last four years with only 45.1 per cent of the allotment planted in 1941. The supplementary cotton program and abandonment of acres unfit for harvest, were reasons cited for the decline last year.

Alka-Seltzer

Medina County farmers should not exceed 1942 allotments and allotments will not be increased, the chairman said.

"The AAA regulations on cotton are the same. Allotments will stand. Marketing quotas will stand," he said.

Premiums will be increased on cotton 1-18 inches and longer in order to encourage producers to plant longer staple cotton instead of the shorter staple varieties usually planted in most of the cotton producing areas of the state.

TO PEANUT FARMERS

Peanuts went to war right after Pearl Harbor, according to V. P. King, chairman, Medina County USDA War Board.

New goal for Medina county in the Food for Freedom campaign this year is 7601 acres while Texas' goal is 1,056,000 acres, or approximately 300 per cent increase over the 1941 crop.

"Peanuts are in the war for the duration because we need fats and oils we formerly imported from the Far East where the Japs are now," King said.

At the same time farmers are being asked to increase peanuts, they are not being asked to produce them at a financial loss, the War Board chairman said in explaining that farmers would receive a fair price for the peanuts produced.

Secretary of Agriculture Claude R. Wickard has announced that the price of U. S. No. 1 White Spanish type peanuts will be supported at not less than \$82 per ton with differentials for grades and location.

"This doesn't mean all peanut farmers will receive a flat \$82 per ton, but it does mean they'll receive a fair price for what they raise," he said.

Peanut seed are available to county farmers on a cash or loan basis and may be obtained from Curtis Bonded Warehouse, Devine or Pearlsall.

"If a farmer wants credit in buying peanut seed to produce peanuts

for oil, he'll sign a promissory which is due November 1. The can be satisfied with cash or peanuts from his 1942 production," chairman said.

HAVE YOU SIGNED FOR FIRST AID CLASS?

Mrs. Alfred A. Bader, Chairman of First Aid for the Medina County Chapter of the Red Cross, informs us that quite a number have already signed up for instruction in First Aid and asks that all those, especially men, who wish to participate in the classes, to send her a postal card in-
forming her of your name, address and phone number. The classes, to be conducted by responsible instruc-
tors as supplied by the State High-
way Department, will probably begin within two weeks as soon as their services can be made available.

First Aid is the immediate, tem-
porary treatment given in case of ac-
cident or sudden illness before the
services of a physician can be secured.
The purpose is to prevent acci-
dents, to equip the individual with
sufficient knowledge to determine
the nature and extent of an injury,
and to train the first-aiders to do the
proper thing at the proper time.

The Standard Course is for adults.
The minimum age for enrollment is
seventeen years. Twenty hours of
class instruction are required, and
whatever reasonable additional time
may be necessary in the judgment of
the instructor for the successful com-
pletion of the course as set forth in
the Standard Course section of the
Instructor's Outline. Each student
is expected to have a copy of the
Red Cross First Aid textbook for
study and for lesson assignment. Up-
on completion of the course regular-
ly reported by the instructor through
the Chapter, Standard Course Red
Cross First Aid certificates will be
issued. The Standard Course certi-

MRS. PROCTOR HONORED

Honoring a recent bride, was the
pretty tea and shower for Mrs.
George Proctor Jr., from three until
six o'clock Saturday afternoon,
March 28, at the home of Mrs. W. G.
Muennink. Mrs. Proctor was form-
erly Miss Bonita Speece.

Hostesses were Mrs. V. P. King,
Mrs. Fred McWilliams, Mrs. Jack
Hartung, Mrs. Craig Daub, Misses
Susie Muennink, Frances Fly, Mary
Elizabeth Meyer, Mildred Van Fleet,
Hettie Nester, Jean Warden, and
Bonnie Cameron. They alternated in
serving refreshments and greeting
the guests in the gift rooms where
they were assisted by Mrs. J. B.
Dawson and Miss Bernice Speece.
Miss Fly was in charge of the bride's
book.

The receiving line was composed
of Miss Muennink, the honoree and
her mother, Mrs. R. W. Speece, and
Lt. Proctor's mother and sister, Mrs.
George Proctor Sr. and Mrs. Aubrey
Frick of Sabinal.

The house was decorated with
masses of blue and white irises. The
flowers were repeated in the adorn-
ment of the tea table which was laid
with a Madeira cloth. A bowl of
the irises centered the table and had
as a background a row of lighted
white tapers in silver holders. Re-
freshments were chicken sandwiches,
mints and spiced tea.

Miss Muennink, in red and white,
wore pastel sweetpeas as a corsage.
The honoree wore a beige crepe
frock with pleated skirt and her cor-
sage was of Dutch irises. Mrs.
Speece, in light blue, wore lavender
and purple sweetpeas. The senior
Mrs. Proctor's dress of green figured
crepe was worn with scarlet ranun-
culi. Mrs. Frick wore a white
blouse and navy blue skirt and pastel
sweetpeas.

DAILY LIVESTOCK MARKET REPORT

Monday, March 30, 1942

San Antonio, March 30.—HOGS,
Estimated salable and total receipts
900. The week's initial session in
the San Antonio hog division found
trading on a fairly active basis at
steady to strong prices compared
with last week Friday. A top of
\$13.00 took Good and Choice 180-
270 lb. butchers while similar grade
160-180 lbs. ranged from \$12.50-
13.00. Various lots comparable
grade 140-150 lb. light lights had to
go at \$11.50-12.25. Most sows scal-
ing 400 lbs. and under cashed at
\$11.75-\$12.00 with extreme weights
down to \$11.50 or below. Feeder
pig demands appeared relatively
broad at \$10.00-10.50, mostly \$10.25
and above.

CATTLE: Estimated salable and
total receipts 1,600; CALVES 2,200.
Moderate activity prevailed for
slaughter steers and yearlings and
completed deals looked steady to
strong. Several lots Good yearlings
scaling around 500-975 lbs. turned
at \$11.25-11.75. The bulk of Com-
mon and Medium steers and year-
lings cashed at \$8.50-\$10.50, few to
\$10.75. Canner mature steers of
Mexican origin dropped to \$7.75.

Slaughter cows moved at steady
prices. Common and Medium beef
offerings secured \$7.50-9.00 and odd
lots Good reached \$9.25. The ma-
jority of Canners and Cutters claim-
ed \$5.00-7.25 but a few thin shelly
Canners dropped to \$4.50. Sausage
bull trade was somewhat less active
than last week as prices appeared
about steady. Common and Medium
selections turned at \$7.50-9.25.
Slaughter calves sold on a firm basis.
The limited supply Good and Choice
offerings commanded \$11.00-12.00
while Common and Medium bulked
at \$8.50-10.75. A spread of \$7.00-
8.00 secured most Culls although a
few dropped to \$6.50.

Fairly broad outlets took stocker
calves at steady to stronger values.
Good and Choice steer calves com-
manded \$11.00-14.00 and a package
around 250 lb. selected individuals
reached \$15.00. Good and Choice
heifers brought \$10.25-13.00 and
Medium to Good yearling stockers
\$10.00-11.35.

Sheep: Estimated salable and total
receipts 1,200. Slaughter and stock-
er goats made up the bulk of salable
receipts Monday. Trading was some-
what slow to get under way but
worked out generally steady. Twelve
head Choice 88 lb. spring lambs cashed
at \$11.50. A package Good fresh-
ly shorn 85 lb. lambs turned at \$8.85
and several lots shorn aged wethers
earned \$6.25. Common shorn ewes
suited mainly for "boner" purposes
made \$3.25. Loadlots clipped Angora
goats changed hands at \$4.00-4.25
and sorts moved into replacement
channels as stockers up to \$4.50.

HONDO, TEXAS, APRIL 3, 1942

Washington Snapshots

by JAMES PRESTON

A couple of the Washington newspaper correspondents were talking about the war the other day . . . nothing specific . . . just "the mess we're in," as one of them put it.

After some lamenting, some dragging over the coals, and lots of theories about what's wrong, one of the boys with his ear to the ground picked up a well-known Washington daily.

News was depressing . . . hard to be a Pollyanna about, everyone had to admit. But there were bright spots . . . "straws in the wind," our friend called them. Here are a few he found in that one paper.

An expanded program of aluminum production was announced by William L. Batt, head of the materials division of the War Production Board. The program is scheduled to reach an annual production of more than 2,500,000,000 pounds—enough aluminum to build 60,000 airplanes this year and 125,000 planes next year.

Within a single year one of the nation's small-arms manufacturers is scheduling production so that it can turn out more small-arms ammunition than was produced by all manufacturers in the United States throughout the four years of the World War . . .

A large automobile company, converted to the production of war materials, built three new plants to make aircraft engines. The number of workers in these new plants will exceed the total employment of the company's entire peacetime staff . . .

Another well-known manufacturer announced a plan for giving employees defense bonds and stamps for workable suggestions. Any suggestions dealing with increasing production on the employee's own job, for improving quality, having material, reducing waste, or improving working conditions generally are welcome.

—WSS—

Another happy side to the news—Congressmen report that the home folks are coming through in the present crisis.

For example, one representative reported that a whole city was rearranging its life to cut down transportation waste. In order to conserve tires and to ease bus transportation, which is absolutely essential for war workers, schools and stores will vary opening and closing hours, factories will stagger their shifts, and pay days will be spread throughout the week.

Another member of Congress lauds the resourcefulness of management as evidenced by the tough problems they tackled and solved in changing over from peacetime to war production. He comes from an industrial region which until recently housed an essentially light metal working industry, and is now working on the production of heavy goods.

—WSS—

Odds and Ends: An unpublished ruling of the Treasury Department unobtrusively upset 150 years of international law. Diplomats must now pay U. S. taxes, like the excises on liquor, jewelry, etc., and the income tax on income derived within this country. Salaries from home are not touched.

—WSS—

Public interest in the men who make up our laws led to an unofficial survey of who did what for a living before coming to the Capitol.

Results show that among the members of Congress, 310 are attorneys, 30 are businessmen, 34 are farmers, 34 are editors, 27 are real estate and insurance men, 17 are professors and teachers, 14 are doctors and dentists, 10 are investment and banking men, 5 are engineers and 14 have devoted their careers to public service.

—WSS—

The Department of Agriculture reports that farmers are using their current larger incomes to reduce their farm mortgage debts. The statement is based on payments on principal to Federal land banks.

—WSS—

Industry is working hand-in-hand with Secretary of the Treasury Morgenthau on the voluntary payroll allotment plan for selling war savings bonds. Of the employers who have more than 500 workers, approximately 70% have already signed up. The plan provides for purchase by employees of savings bonds on a weekly basis.

Congress is waiting to see how this plan works out before making up its mind about compulsory savings for all wage earners.

TO COTTON GROWERS

Farmers of Medina County should plant their full cotton acreage allotments if they are equipped to do so and if such plantings will not interfere with the production of food for home use or other war crops.

In urging farmers to plant their cotton allotments, V. P. King, chairman of the county USDA War Board pointed out that the nation needs more longer staple cotton and that the Commodity Credit Corporation this year is offering greater premiums on longer staple length.

Shifting part or all the acreage from short to long staple cotton in areas where soils are suited to long staple production is not only good business but a patriotic contribution to total war, the chairman declared.

"We need medium and long staple cotton for use in manufacture of balloon and parachute cloth, pontoons for seaplanes, and other military needs. We need more fats and oils and it's up to us to produce them," the chairman said.

The percentage of cotton planted in Medina County has declined during the last four years with only 45.1 per cent of the allotment planted in 1941. The supplementary cotton program and abandonment of acres unfit for harvest, were reasons cited for the decline last year.

Alka-Seltzer

Medina County farmers should not exceed 1942 allotments and allotments will not be increased, the chairman said.

"The AAA regulations on cotton are the same. Allotments will stand. Marketing quotas will stand," he said.

Premiums will be increased on cotton 1-18 inches and longer in order to encourage producers to plant longer staple cotton instead of the shorter staple varieties usually planted in most of the cotton producing areas of the state.

TO PEANUT FARMERS

Peanuts went to war right after Pearl Harbor, according to V. P. King, chairman, Medina County USDA War Board.

New goal for Medina county in the Food for Freedom campaign this year is 7601 acres while Texas' goal is 1,056,000 acres, or approximately 300 per cent increase over the 1941 crop.

"Peanuts are in the war for the duration because we need fats and oils we formerly imported from the Far East where the Japs are now," King said.

At the same time farmers are being asked to increase peanuts, they are not being asked to produce them at a financial loss, the War Board chairman said in explaining that farmers would receive a fair price for the peanuts produced.

Secretary of Agriculture Claude R. Wickard has announced that the price of U. S. No. 1 White Spanish type peanuts will be supported at not less than \$82 per ton with differentials for grades and location.

"This doesn't mean all peanut farmers will receive a flat \$82 per ton, but it does mean they'll receive a fair price for what they raise," he said.

Peanut seed are available to county farmers on a cash or loan basis and may be obtained from Curtis Bonded Warehouse, Devine or Pearlsall.

"If a farmer wants credit in buying peanut seed to produce peanuts

for oil, he'll sign a promissory note which is due November 1. The can be satisfied with cash or peanuts from his 1942 production," chairman said.

HAVE YOU SIGNED FOR FIRST AID CLASS?

Mrs. Alfred A. Bader, Chairman
of First Aid for the Medina County
Chapter of the Red Cross, informs
us that quite a number have already
signed up for instruction in First
Aid and asks that all those, especially
men, who wish to participate in the
classes, to send her a postal card in-
forming her of your name, address
and phone number. The classes, to
be conducted by responsible instruc-
tors as supplied by the State High-
way Department, will probably begin
within two weeks as soon as their
services can be made available.

First Aid is the immediate, tem-
porary treatment given in case of ac-
cident or sudden illness before the
services of a physician can be secured.
The purpose is to prevent acci-
dents, to equip the individual with
sufficient knowledge to determine
the nature and extent of an injury,
and to train the first-aiders to do the
proper thing at the proper time.

The Standard Course is for adults.
The minimum age for enrollment is
seventeen years. Twenty hours of
class instruction are required, and
whatever reasonable additional time
may be necessary in the judgment of
the instructor for the successful com-
pletion of the course as set forth in
the Standard Course section of the
Instructor's Outline. Each student
is expected to have a copy of the
Red Cross First Aid textbook for
study and for lesson assignment. Up-
on completion of the course regular-
ly reported by the instructor through
the Chapter, Standard Course Red
Cross First Aid certificates will be
issued. The Standard Course certi-
ficate is good for three years so far
as any Red Cross recognition is con-
cerned.

The first class in First Aid, con-
ducted by Mr. Cain of Yancey at the
Hondo High School, was com-
pleted several weeks ago and the fol-
lowing passed the final examinations
to receive Certificates:

SCOUT ACTIVITIES

The Medina Valley District, Boy
Scouts of America, will hold a Court
of Honor at the school house in La-
Coste Thursday, April 9. At 7:30
p. m. a supper will be served, fur-
nished by the parents, followed by
the Court of Honor.

The District will also hold a
Camporee for all Scouts at D'Hanis
on Saturday, April 25. This will
start at 9:00 a. m. and close by 9:00
p. m.

Henry Windrow, District Chair-
man, sends a message to those inter-
ested in Scouting to attend the Court
of Honor.

SCHOOLS TO REGISTER SUGAR APPLICANTS IN COUNTY

The schools of Medina County
will assist in the registration of ap-
plicants for sugar ration books, un-
der the supervision of County Su-
perintendent C. F. Schweers. Regis-
tration for the Trades will be on
April 28th and 29th and will be con-
ducted in the high schools of the
county. Registration for Consumers
will be held on May 4, 5, 6 and 7,
in the elementary schools of the
county. Other information will be
announced as soon as available to the
County Rationing Board.

MRS. PROCTOR HONORED

Honoring a recent bride, was the
pretty tea and shower for Mrs.
George Proctor Jr., from three until
six o'clock Saturday afternoon,
March 28, at the home of Mrs. W. G.
Muennink. Mrs. Proctor was form-
erly Miss Bonita Speece.

Hostesses were Mrs. V. P. King,
Mrs. Fred McWilliams, Mrs. Jack
Hartung, Mrs. Craig Daub, Misses
Susie Muennink, Frances Fly, Mary
Elizabeth Meyer, Mildred Van Fleet,
Hettie Nester, Jean Warden, and
Bonnie Cameron. They alternated in
serving refreshments and greeting
the guests in the gift rooms where
they were assisted by Mrs. J. B.
Dawson and Miss Bernice Speece.
Miss Fly was in charge of the bride's
book.

The receiving line was composed
of Miss Muennink, the honoree and
her mother, Mrs. R. W. Speece, and
Lt. Proctor's mother and sister, Mrs.
George Proctor Sr. and Mrs. Aubrey
Frick of Sabin.

The house was decorated with
masses of blue and white irises. The
flowers were repeated in the adorn-
ment of the tea table which was laid
with a Madeira cloth. A bowl of
the irises centered the table and had
as a background a row of lighted
white tapers in silver holders. Re-
freshments were chicken sandwiches,
mints and spiced tea.

Miss Muennink, in red and white,
wore pastel sweetpeas as a corsage.
The honoree wore a beige crepe
frook with pleated skirt and her cor-
sage was of Dutch irises. Mrs.
Speece, in light blue, wore lavender
and purple sweetpeas. The senior
Mrs. Proctor's dress of green figured
crepe was worn with scarlet ranun-
culi. Mrs. Frick wore a white
blouse and navy blue skirt and pastel
sweetpeas.

DAILY LIVESTOCK MARKET REPORT

Monday, March 30, 1942

San Antonio, March 30.—HOGS.
Estimated salable and total receipts
900. The week's initial session in
the San Antonio hog division found
trading on a fairly active basis at
steady to strong prices compared
with last week Friday. A top of
\$13.00 took Good and Choice 180-
270 lb. butchers while similar grade
160-180 lbs. ranged from \$12.50-
13.00. Various lots comparable
grade 140-150 lb. light hogs had to
go at \$11.50-12.25. Most sows scal-
ing 400 lbs. and under cashed at
\$11.75-\$12.00 with extreme weights
down to \$11.50 or below. Feeder
pig demands appeared relatively
broad at \$10.00-10.50, mostly \$10.25
and above.

CATTLE: Estimated salable and
total receipts 1,600; CALVES 2,200.
Moderate activity prevailed for
slaughter steers and yearlings and
completed deals looked steady to
strong. Several lots Good yearlings
scaling around 500-975 lbs. turned
at \$11.25-11.75. The bulk of Com-
mon and Medium steers and year-
lings cashed at \$8.50-\$10.50, few to
\$10.75. Canner mature steers of
Mexican origin dropped to \$7.75.

Slaughter cows moved at steady
prices. Common and Medium beef
offerings secured \$7.50-9.00 and odd
lots Good reached \$9.25. The ma-
jority of Canners and Cutters claim-
ed \$5.00-7.25 but a few thin shelly
Canners dropped to \$4.50. Sausage
bull trade was somewhat less active
than last week as prices appeared
about steady. Common and Medium
selections turned at \$7.50-9.25.
Slaughter calves sold on a firm basis.
The limited supply Good and Choice
offerings commanded \$11.00-12.00
while Common and Medium bulked
at \$8.50-10.75. A spread of \$7.00-
8.00 secured most Culls although a
few dropped to \$6.50.

Fairly broad outlets took stocker
calves at steady to stronger values.
Good and Choice steer calves com-
manded \$11.00-14.00 and a package
around 250 lb. selected individuals
reached \$15.00. Good and Choice
heifers brought \$10.25-13.00 and
Medium to Good yearling stockers
\$10.00-11.35.

Sheep: Estimated salable and total
receipts 1,200. Slaughter and stock-
er goats made up the bulk of salable
receipts Monday. Trading was some-
what slow to get under way but
worked out generally steady. Twelve
head Choice 88 lb. spring lambs cash-
ed at \$11.50. A package Good fresh-
ly shorn 85 lb. lambs turned at \$8.85
and several lots shorn aged wethers
earned \$6.25. Common shorn ewes
suitable mainly for "boner" purposes
made \$3.25. Loadlots clipped Angora
goats changed hands at \$4.00-4.25
and sorts moved into replacement
channels as stockers up to \$4.50.

GLENN L. ELLISON,
Local Representative.

Mrs. Stirl Haby and Mrs. Robert
Groff of Dunlay were business call-
ers at this office Tuesday. Mrs.

THE WEEK OF THE WAR

Continued from First Page

eral classes of higher-priced cars and those ordered by State and local agencies during 1941. The Office of Defense Transportation will ration automobiles, hearses and station wagons.

Civilian Defense

The President signed a bill providing Federal insurance for home, factories and farms damaged by enemy action. Civilian Defense Director Landis said establishment of first-aid supply centers which duplicate equipment already existing in the OGD Emergency Medical Service threatens to cause a serious shortage of medical essentials. The OGD said an air raid siren that could efficiently serve an area of eight to 10 square miles will be in production soon and might cost as little as \$1,500.

Army Progress

All U. S. Army Air Stations, except those at certain strategic points on the West coast, will hold open house on Army Day, April 6, Air Forces Commander Arnold said. Late model fighter planes and bombers will be placed on exhibit, and Air Force activities will be explained to visitors. Congress completed action on legislation which will enable approximately 20,000 Americans in Canadian and British forces to regain their citizenship and be transferred to the U. S. Army.

The House passed and sent to the Senate an \$18 billion war appropriation bill including \$7 billion for 31,000 airplanes and their equipment. War Secretary Stimson said the Army plans to induct 175,000 Negro conscripts this year. He said plastic fuzes will replace the standard aluminum fuzes for trench mortars, thus freezing tons of aluminum and many machine tools for other production. Army Surgeon General Hodge listed many physical defects no longer considered a barrier for limited service for officers of the Army Supply Arms and Services.

The War Front

The Army and Navy announced the Navy has been given full command over all anti-submarine activities on both coasts, and Army Air Units have been allocated to the naval commanders of sea frontiers. The President awarded the Congressional Medal of Honor to Gen. MacArthur for conspicuous leadership against the Japanese in the Philippines. President Quezon and members of the Philippine Government War Cabinet joined Gen. MacArthur in Australia, where they will continue to carry on Government functions.

Corregidor Island was raided several times by enemy planes, but anti-aircraft fire kept the planes at such high altitude that the bombings were very inaccurate and little damage was done. U. S. submarines sank four merchant ships and two cruisers in Japanese waters. U. S. Naval Forces also destroyed installations on Japanese-held Wake Island, and Japanese-owned Marcus Island. U. S. losses reported included two destroyers, a tanker and eight merchant ships sunk.

Prices

Maximum prices for gasoline and fuel oil in 17 Eastern states and the District of Columbia were set by the OPA. To stimulate production of Pennsylvania crude oils, the Office authorized an increase of 25 cents a barrel for all grades. OPA asked retail meat markets not to raise pork products prices above mid-March levels. From April 1 to May 30 "standard" new spring prices will be frozen at the current price of \$50 a ton, and a permanent price order will be issued before May 30. The OPA set retail price ceilings for new typewriters at March 5 levels, and for radio receiving sets, phonographs, domestic washing and ironing machines, domestic heating and cooking stoves at March 19 levels.

Priorities And Allocations

The WPE ordered manufacture of electric toasters, flatirons and other electrical appliances to cease after May 31, preparatory to converting the \$60 million industry to war production. The Board ordered production of straight and safety razors and blades held to the 1940 total of 2,400 million, about 600 million less.

TO EMPLOYERS

Employers have a dual responsibility in connection with allocation of skilled labor to meet the Nation's war needs, General J. Watt Page, State Selective Service Director, declared today in an appeal for their patriotic cooperation with the Selective Service System. They must maintain production of war materials, he pointed out, and at the same time release to the armed forces every qualified man who can be spared from such work.

Emphasizing that a drastic readjustment of his individual business operations must be made by every employer to meet the demands of our armed forces for men and war materials, and that this readjustment must be made with particular regard to available workmen, General Page said:

"No employer engaged in essential production should hesitate to request deferment from induction into the armed forces for any employee who is necessary in that production and who cannot be replaced immediately."

"On the other hand, no employer can be permitted selfishly to retain an employee who can be of greater service to the Nation in its armed forces, and who can be readily replaced by a man otherwise deferred for military service or by a woman."

Employers of skilled labor, General Page stated, must keep in mind that skills are necessary in the armed forces as well as in civilian production. "A well equipped army," he pointed out, "must have in it men who can do a thousand things that are done in our everyday life."

Every practical precaution to prevent disruption of war production by promiscuous induction into the armed forces of men whose greater service can be given behind the battle lines has been included in Selective Service Regulations, the Director stated. However, he emphasized, each and every one of these stabilizing provisions is predicated on patriotic cooperation by both the employer and the employee. He said:

"Give our local boards this co-operation and we can be assured that the required transfer of a large segment of our male population to the Nation's armed forces will be made with the least possible disturbance to war production or agriculture. I have no fear that business or industry in Texas will hinder the proper functioning of Selective Service."

MANY WEEKS OF ANXIETY RELIEVED

In the midst of the fighting in the Philippine Islands a Hondo boy Wesley Bendele, son of Mr. and Mrs. Edwin Bendele, has been playing a man's part. Mention was made some months ago of a radio conversation young Bendele had with his father, but the last direct word they had from him was a letter written the day before the Pearl Harbor attack. In that letter he spoke of expecting to leave soon to return home and during the intervening months of silence his father had feared that he might have been lost at sea. But on Monday, March 30th, a letter was received from him and he is still in the Philippines. The letter was written January 30 and arrived at its destination here March 30, exactly two months later, and how it ever made its way out of the Philippines is a mystery. But it brought the consolation that their worst fears had not materialized and all will join the young man in the hope of seeing him soon.

Following is a copy of his letter: Philippine Islands, January 30, 1942.

Dear Dad and Folks:

It has been some time since I last wrote to you and perhaps you have been worried as to what's happened to me. Probably should have written sooner but it is very doubtful if this letter will leave here for some time.

Still okay and am hoping to see all of you after this thing is over. God being with us as He always is on the side of those who are doing the right thing, it shouldn't be long now.

All of us are confident that we will win in the end. Instead of confident I should say Positive.

How are all the folks? Tell Marjorie and Dick "hello" for me. When conditions permit I will send a radiogram at regular intervals. Toning this reaches you in the best of health.

Your loving son,

WESLEY.

KNOWS WHEN WAR WILL END

Absolute knowledge have I none, But my aunt's washerwoman's son Heard a policeman on his beat Say to a laborer on the street That he had a letter just last week Written in the finest Greek From a Chinese coolie in Timbuctoo Who said the niggers in Cuba knew Of a colored man in a Texas town Who got it straight from a circus clown That a man in the Klondike heard the news From a gang of South American Jews About somebody in Borneo Who heard of a man who claimed to know Of a sweet society dame Whose mother-in-law will undertake To prove that her seventh husband's sister's niece Has stated in a printed piece That she has a son who has a friend Who knows when the war is going to end!

QUOTA FOR PARACHUTE VOLUNTEERS OPEN

Volunteer enlistments for Army parachute units will be accepted during April on basis of a limited quota, Col. Kinzie B. Edmunds, District Army Recruiting Officer, announced this week.

After the present quota is completed waiting lists are to be established in excess of the present assignment for parachute recruits, and will be included in the next quota according to the announcement.

Age limits for parachutists are 18 to 30, inclusive. Physical requirements restrict weight to not exceeding 185 pounds, and exact keen vision and normal blood pressure.

Young men 18 and 19 years of age are especially suited to and sought for parachute infantry units, and those in this age group are urged to apply immediately at the recruiting offices in the Federal Building or Builders Exchange Building in San Antonio.

DEFENSE ACTIVITIES AT SAN MARCOS

San Marcos, March 31.—In an all-out effort to assist in the nation's Civilian Defense efforts, Southwest Texas State College has organized thirteen committees to utilize volunteer services of the student body. The committees will plan, publicize, and promote the various aspects of the program.

Training will begin immediately in special defense activities such as air-raid protection, auxiliary fire-fighting, emergency health and medical service, and consumer education. Salvage and conservation, money-raising, USO activity, morale building, and like activities will also be promoted by the committees.

On the committee of money raising is Mary Jean McClougherty of Yancey.
